

## Auxiliary Foundation

9/9/2021

Demshar's Foundation Inc.  
2903 Avalos Dr.  
The Villages, FL. 32162

Dear Demshar's Foundation:

On behalf of UF Health The Villages® Hospital Auxiliary Foundation, thank you for your participation as a sponsor of the 2022 Hearts for our Hospital Gala. Your generous donation of \$600 will allow the Foundation to continue to make a difference in the lives of the individuals we serve by providing funding towards the expansion of our new Heart Institute at UF Health The Villages® Hospital.

This expansion will include the creation of the most advanced cardiac catheterization laboratory in the region. It will be the only facility in The Villages with the full backing of a hospital that has earned the highest level of accreditation by the American College of Cardiology as a Chest Pain Center with Primary Percutaneous Coronary Intervention (angioplasty with stent) and Resuscitation.

Your participation and financial support of this premiere event provides life-changing opportunities that are making a difference in healthcare and our communities.

Sincerely,

Richard M. Campbell  
President and Co-Chair
